**Jeanne Clery Disclosure of Campus  
Security Policy and Campus Crime  
Statistics and Fire Safety Report**  
*(Statistics for 2021, 2022 & 2023)*

**Prepared by the Department of Student Affairs  
Published September 2024**

## **Introduction**

On November 8, 1990, President Bush signed the “Student Right to Know and Campus Security Act of 1990.” The Act applies to every institution of higher education that receives federal financial aid. Title II of the Act was called the “Campus Crime Awareness and Campus Security Act of 1990.” It requires institutions of higher education to distribute to all current students and employees, as well as applicants for enrollment or employment, two types of information: (1) a description of policies related to campus security and (2) statistics concerning specific types of crimes. Amendments enacted in 1998 renamed Title II, now known as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.” The amendments require the disclosure of crimes reported to police and campus officials other than police, along with a breakdown of locations of criminal activity to be specified as on-campus, non-campus, residence hall, or public property.

## **Campus Security Policies**

The safety and security of UA Rich Mountain students are significant concerns for the staff and administration. To help students become more security conscious and assume more responsibility for their safety both on and off campus, a unique safety information section has been established in the Johnson Learning Commons, Abernathy Bldg., and Maddox Bldg., compliments of SSS and SGA. This section contains pamphlets on how to stay safe, drug and alcohol abuse, sexual harassment, sexual assault, and other topics about the students’ well-being. UA Rich Mountain provides all faculty and staff training and education on Emergency Notification at the beginning of each semester.

## **Timely Warning**

In accordance with the Clery Act, the University of Arkansas at Rich Mountain is committed to issuing Timely Warnings to inform the campus community of certain crimes that pose a serious or ongoing threat to students and employees. These notifications will be issued as soon as pertinent information is available, ensuring the safety and well-being of the campus community.

- **Scope:** Timely Warnings will be issued for Clery Act crimes that occur within the institution's Clery geography and that are reported to campus security, local law enforcement, or campus officials with significant responsibility for student and campus activities.
- **Notification Method:** Alerts may be distributed through various channels, including but not limited to campus-wide emails, text messages, official websites, or campus alert systems. UA Rich Mountain uses Rave Alert, and AppArmor Safety programs, along with other methods of communication.
- **Content of Notification:** The notification will include information about the nature of the crime, the location, and any available description of the suspect(s). It will also offer precautionary measures to help prevent further incidents.
- **Confidentiality:** The identity of victims will be protected, and personally identifiable information will not be included in the alerts.

## **Daily Crime Log**

The UA Rich Mountain Campus Security Office maintains a log of all alleged crimes and incidents and any fires reported to the Campus Security Office. The log is available for viewing

upon request at the UA Rich Mountain Security Office or in the Vice Chancellor for Student Affairs office located in Spencer Hall during regular business hours.

### **Campus Security**

Maintenance personnel open UA Rich Mountain buildings each morning before the first scheduled class and are locked at the end of the last scheduled class each evening, Monday through Friday. In the case of off-schedule activities, the building being used will be unlocked before the start of the activity and locked when the activity is finished. The exterior of the campus, including student parking, is well-lit and provides excellent campus visibility from all buildings. Due to the size and design of the UA Rich Mountain campus, a law enforcement officer from the Polk County Sheriff's Office is housed at the Mena campus. A close relationship is maintained with the Polk County Sheriff's Office. UA Rich Mountain has off-site placements for each county. In addition, UA Rich Mountain works closely with the Scott County and Montgomery County Sherriff's departments to maintain a physical presence at the Waldron and Mt. Ida, Arkansas, site locations. The maintenance personnel keep a watchful eye on the campus exterior and inside the buildings.

### **Sexual Harassment Policy**

Harassment based on sex is illegal and a violation of Title VII of the Civil Rights Act of 1964, as amended. This policy defines sexual harassment and establishes a procedure whereby alleged sexually harassed faculty, staff, and students may file a complaint immediately and confidentially. UA Rich Mountain is committed to maintaining a working and academic environment free from sexual harassment. Sexual harassment is a violation of college policy as

well as state and federal law and is neither permitted nor condoned. It is also a violation of UA Rich Mountain's policy against sexual harassment for any employee or student to attempt in any way to retaliate against a person who claims sexual harassment. Any individual found to have violated the college's policy against sexual harassment will be subject to appropriate disciplinary action, including reprimand, suspension, termination, or expulsion. Any disciplinary action taken will depend upon the severity of the offense. Definition Sexual harassment is defined as unwelcome sexual advance, request for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to, or tolerating, such conduct on or off campus is a term or condition of instruction, employment, or participation in college activities.
- Submission to, or rejection of, such conduct by an individual is used to evaluate employment or academic decisions affecting the individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's academic or employment performance or creating an intimidating, hostile, or offensive college environment.

### **Procedures**

Students or employees who believe that they have been sexually harassed should first seek an informal resolution of this problem, as outlined below. If that is ineffective, such individuals should pursue a formal resolution of their complaint. All complaints must be made within (30) days of the alleged harassment.

### **Informal Resolution**

Employees who believe that they have been subjected to sexual harassment should report the problem promptly to their immediate supervisor or a departmental supervisor higher up in the chain of command. Students who believe that they have been subjected to sexual harassment should report the problem promptly to the Vice Chancellor for Student Affairs or the Title IX Coordinator. The person to whom the complaint is made shall quickly begin an impartial consideration of the complaint and make a thorough investigation. If a mutually agreeable answer or settlement has yet to be obtained within fourteen (14) calendar days from the date of the complaint, the complainant may initiate the formal complaint procedure. During all informal attempts to resolve a problem, to the extent practicable, efforts will be made to keep the complainant's identity confidential.

### **Formal Complaint Resolution**

If a problem cannot be resolved through informal attempts at conciliation and the complainant wishes to pursue the matter further, they must file a formal written complaint with the Vice Chancellor for Student Affairs. All formal complaints will be given a complete, impartial, and timely investigation. During such investigations, while every effort will be made to protect the privacy rights of all parties, confidentiality cannot be guaranteed.

### **Sanction**

If the investigation of a reported occurrence of sexual harassment reveals that the complaint is without reasonable foundation, both parties will be informed that no further action is warranted. If, however, an individual is found to have violated the College's policy against sexual harassment, the investigation body will recommend disciplinary action appropriate to the

severity of the offense, including, but not limited to, reprimand, suspension, reassignment of responsibilities, termination of employment, or expulsion from the college.

### **Sexual Assault Policy**

It is the policy of UA Rich Mountain to prohibit sexual assault and to prevent sex offenses committed against students, employees, visitors to the campus, and other persons who use College facilities. Sexual assault is an extreme form of sexual harassment. Sexual harassment is prohibited by college policy and is a form of sex discrimination prohibited by Title VII of the Civil Rights Act of 1964 and by Title IX of the Education Amendments of 1972. Sexual assault is also a crime defined by the Arkansas criminal code. Definitions: Sexual assault may include any involuntary sexual act in which a person is threatened, coerced, or forced to engage against their will. Sexual assault may be committed by a stranger or by an acquaintance. Acts defined as sexual assault include rape, date rape, acquaintance rape, and gang rape, but may also include sexual touching of another person against their will and forcing an unwilling person to touch another person sexually. Sexual assault occurs when such acts are committed by force, threat, or intimidation or using the victim's mental or physical helplessness, of which the assailant was aware or should have been aware.

### **Responsibility to Report**

Any student, faculty member, staff member, administrator, or visitor to the campus who has experienced or witnessed sexual assault should report the assault immediately to the city police. It may be reported to the Polk County Sheriff's Department if the assault occurred outside the city limits but within the county.

## **Preserving Evidence**

Evidence of sexual assault must be preserved since it may be necessary as proof in a criminal case. Victims and others should not alter the scene of the attack. The victim should not change clothes or bathe before calling the police. The victim should be taken to a local hospital that has kits to collect and preserve evidence of rape and sexual assault. An extra set of clothing should be taken along to the hospital. Mena Medical Center Emergency Room is equipped to handle such emergencies.

## **Availability of Counseling**

School officials will help victims of sexual assault by obtaining counseling on campus or with referrals to local agencies that provide these services. UA Rich Mountain has partnered with Healthy Connections and Western Arkansas Guidance and Counseling to provide counseling services to UA Rich Mountain students based on referral for a nominal fee.

## **Reference Materials**

The Student Government Association and Student Support Services provide informational booklets free of charge. These booklets may be found outside the Student Support Services office in the Abernathy and Maddox buildings.

## **Disciplinary Actions**

Sex offenses will be turned over to the appropriate local authorities, where the accused and the accuser will be informed of the rights guaranteed by law. Students found guilty of sex offenses will be subject to immediate dismissal from UA Rich Mountain. The convicted student and the

victim will be informed of the disciplinary measures taken. UA Rich Mountain will collaborate with victims to alter academic situations to the best of its ability if the victim requests changes and requested options are reasonably available.

### **Missing Person**

The University of Arkansas at Rich Mountain currently has on-campus housing accommodating up to two hundred students. Suppose a member of the University community has reason to believe that a student is missing. In that case, he or she should immediately notify UA Rich Mountain Campus Security located in Spencer Hall or by calling 479-394-7622 ext. 1700. They will generate a missing person report and initiate an investigation, and if the person is determined to be missing, will initiate the required notifications as per Federal Law.

### **Drug and Alcohol Abuse Prevention Program**

The policy of UA Rich Mountain regarding drugs and alcohol establishes that the use, possession, or sale of drugs and alcohol on campus premises or at any function funded by or associated with UA Rich Mountain are prohibited. UA Rich Mountain has implemented the following drug prevention steps:

- All entering first-year students will be given substance abuse materials during orientation.

- A substance abuse informational section will be maintained in the Student Support Services office inside the Johnson Learning Commons and the Student Union in the Maddox building.
- UA Rich Mountain has partnered with Healthy Connections and Western Arkansas Guidance and Counseling to provide counseling services to UA-Rich Mountain students based on referral for a nominal fee. Referrals are made to provide substance abuse counseling when necessary.
- Instructors will incorporate substance abuse material into their classes when appropriate. See also the Federal Student Aid page for additional information on drug convictions and the possible impact on federal student aid. Students must pledge to remain drug-free or risk losing Arkansas Department of Higher Education funding such as the Arkansas Academic Scholarship. <https://studentaid.ed.gov/sa/eligibility/criminal-convictions>
- Interested parties will find the institution's Drug-Free Workplace Policy in the staff handbook.

### **Drug-Free Workplace Statement**

It is unlawful for employees of UA Rich Mountain to manufacture, distribute, dispense, possess, or use a controlled substance on the institution's premises. Any employee must notify the Chancellor in writing of any criminal drug statute conviction for a violation occurring on the premises no later than five (5) calendar days after such conviction. Within thirty (30) calendar days of receiving notice concerning any employee who is so convicted, the institution will take appropriate personnel action against such an employee, up to and including termination. To maintain a drug-free workplace, UA Rich Mountain will provide its employees with an ongoing, drug-free awareness program consisting of providing current information about the dangers of

drug abuse in the workplace; any changes in the UA Rich Mountain drug-free policy, available drug counseling, rehabilitation, and employee assistance programs; and penalties that may be imposed upon employees for drug abuse violations occurring in the workplace. The Student Affairs office will distribute information to employees, and copies of such material will be retained in that office for employee use.

### **Fire Evacuation Procedures for UARM**

In the event of a fire or fire alarm, all residents must evacuate the building immediately, following the procedures outlined below:

#### **Remain Calm and Act Quickly**

- Upon hearing the fire alarm or noticing signs of fire (e.g., smoke, flames), evacuate the building immediately.

#### **Evacuation Procedures for All Floors**

- **First Floor Residents:** Exit through the front door or if necessary, through the windows.
- **Second Floor Residents:** Use the nearest stairwell to descend and exit through the exterior door. In an emergency where there is no exit through the stairwell, use the bedroom windows.

#### **Check for Safety**

- Feel the door with the back of your hand before opening it. If it's hot, do not open it.
- If the door is cool, open slowly. Be ready to close it if smoke or flames are present.
- If you encounter smoke, **stay low** to the ground where the air is clearer.

#### **Assist Others**

- Help individuals with disabilities or those in need of assistance to safely evacuate. If unable to assist, alert emergency personnel of their location.

#### **Proceed to the Designated Assembly Area**

- Once outside, move away from the building and proceed to the designated assembly area in the Student Center so all students can be accounted for.
- Do not block access roads or parking lots used by emergency vehicles.

### **Report to Authorities**

- Notify emergency personnel if someone is trapped or requires assistance.

### **Do Not Re-Enter the Building**

- Remain outside until permitted by emergency personnel or residence life staff.

### **Fire Safety Regulations**

Residents must observe and follow all fire safety regulations. Electrical appliances with exposed heating elements are prohibited. No open flames (candles, incense, etc.) or any incendiary devices are permitted in the residence halls.

### **Health and Safety Inspections**

To maintain residential facilities free from safety and fire hazards, housing staff will conduct health and safety inspections of housing facilities at least twice per semester. If possible, advance notification of these inspections will be shared with students via postings to each residential community. Students will receive notification of the inspection results, including any concerns and recommendations for remediations. Students are expected to resolve any problems resulting from a Health and Safety Inspection within the allotted timeframe.

### **Reporting a Fire**

Call Emergency Services Immediately

- Dial **911** to report the fire to local emergency services.
- After calling **911**, contact **Campus Security** at 479-394-7622 ext. 1700 to report the fire. Campus security can assist in contacting fire services and directing them to the location.

Provide Key Information: When reporting the fire, be prepared to provide:

- The **exact location** of the fire (building name, floor, room number, or outdoor area).
- A **description** of the fire (what's burning, size of the fire, visible smoke or flames).
- Whether there are any **trapped individuals** or anyone who may need assistance in evacuating.
- Any **hazardous materials** in the area, if known.

### **Fire Investigations**

Fires that are determined not to be related to an accident are investigated by the Polk County Sheriff's Department and the State Police if requested.

### **Reporting a False Alarm**

Communicating a false alarm is a violation of state law Criminal Code 5-71-210. A person commits the offense of communicating a false alarm if they purposely initiate or circulate a report of a present, past, or impending bombing, fire, offense, catastrophe, or other emergency while knowing that the report is false or baseless and knowing that it is likely to:

- cause action of any sort by an official or volunteer agency organized to deal with emergencies.
- place any person in fear of physical injury to himself or herself or another person or of damage to their property or that of another person, OR
- cause total or partial evacuation of any occupiable structure, vehicle, or vital public facility.

This is also a violation of university policy to deliberately sound a false alarm and/or to tamper with fire safety equipment. Violators may face prosecution in the local criminal court system and the university judicial system. Such behavior will not be taken lightly. In the most severe cases, it does endanger lives, and at a minimum, it disrupts the educational process.

### **Fire Safety Education and Training Programs**

Fire safety education programs for all students living in on-campus student housing and all employees associated with on-campus housing are held at the beginning of each semester. Mena fire department officers also participate in these fire safety education programs. These programs are designed to familiarize everyone with the fire safety system in the housing facilities, train everyone on the procedures to be followed in case of a fire, and inform everyone about the college's fire safety policies.
